

RAPID SECURITY BARRIER | 250 meter in less than 2 minutes.

The Rapid Security Barrier is a patented fence made of barbed tape concertina coils formed in a pyramid structure, attached to each other and ready for immediate deployment

MAIN ADVANTAGES:

Fast deployment – 100 times faster than hand installation.

Minor staff – a driver + 2 workers deploy 3000 meter per day.

Higher fence quality – all interfaces are mechanically tied in factory.

Minimal people exposure – enable deployment in high risky zones.

TECHNICAL DETAILS

3 Coils	Length		Height		Width		Weight
	Deployed	Packed	Deployed	Packed	Deployed	Packed	
	100m	0.8m	1.68m	1.86m	1.8m	2m	423kg
	250m	2m					1058 kg
	500m	4m					2116kg

5 Coils	Length		Height		Width		Weight
	Deployed	Packed	Deployed	Packed	Deployed	Packed	
	100m	0.8m	1.68m	1.86m	2.7m	3m	682kg
	250m	2m					1706 kg
	500m	4m					3412kg

6 Coils	Length		Height		Width		Weight
	Deployed	Packed	Deployed	Packed	Deployed	Packed	
	100m	0.8m	2.46m	2.75m	2.7m	3m	800kg
	250m	2m					2000 kg
	500m	4m					4000kg

10 Coils	Length		Height		Width		Weight
	Deployed	Packed	Deployed	Packed	Deployed	Packed	
	100m	0.8m	3.24m	3.6m	3.6m	4m	1372kg
	250m	2m					3431 kg
	500m	4m					6862kg

RAPID SECURITY BARRIER | 250 meter in less than 2 minutes.

DEPLOYING DEVICES

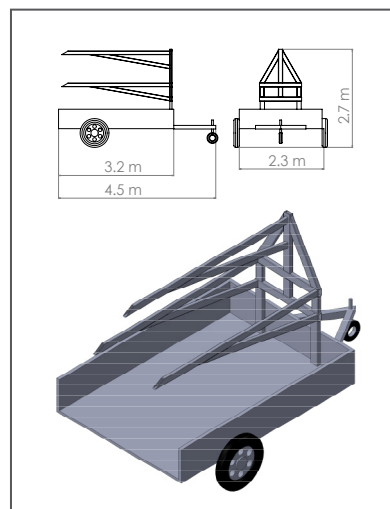

Tractor with deploying device

Barrier type	Deploying Machine	Deploying Device
3 coils	Agriculture Tractor back lifting capacity 3 tons.	3 arms X 3 meters, WLL 3 tons
5 & 6 Coils	Agriculture Tractor back lifting capacity 5 tons.	6 arms X 3 meters, WLL 5 tons
10 Coils	Agriculture Tractor back lifting capacity 8 tons.	10 arms X 3 meters, WLL 8 tons

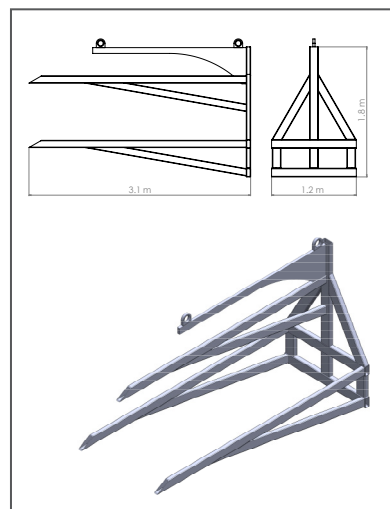

Designated Deployment Trailer

Barrier type	Deploying Machine	Deploying Device
3 coils	4X4 with towing capacity of 1750 kg.	1 axle Trailer gross weight 1750 kg.
5 & 6 Coils	Light Truck / armed vehicle with towing capacity of 5000 kg.	2 axles Trailer gross weight 5000 kg.
10 Coils	Heavy Truck / armed vehicle with towing capacity of 9000 kg.	2 axles Trailer gross weight 9000 kg.

Hanged deployment device for mobile crane

Barrier type	Deploying Machine	Deploying Device
3 coils	Rotating Telehandler capacity 4500 kg	Hanged 1 arm X 5 meter
5 & 6 Coils	Mobile crane / Rotating Telehandler capacity 6000 kg	Hanged 3 arms X 5 meter
